

NEW ORLEANS COMMUNITY RESOURCE GUIDE

FOR RESISTANCE AND RENEWAL

DECEMBER 2020 EDITION

Welcome!

This community resource guide has been compiled with the intention of increasing public access to services that are free or low-cost in the New Orleans area. Most listings are for services located in Orleans & Jefferson parishes, although select state and nationwide services have also been included.

Listed resources were contacted by phone and asked to verify the information listed. Organizations were specifically and intentionally asked about funding options for uninsured patients, the availability of Spanish translation services, and their ability to provide services for transgender and non-binary patients. Available transgender and non-binary services have been incorporated throughout and can also be found in a dedicated section of this guide.

In the interest of maintaining a portable size for this guide, many listings direct folks to call for more information, or refer to an organization's website.

This guide is a 2020 update based on information compiled by staff and volunteers for the REACH NOLA/Common Ground Health Clinic Community Resource Guide from 2006-14, and working directly from the 2019 edition, which sourced information compiled by volunteers at the Center for Ethical Living & Social Justice Renewal, as well as the Transgender and Gender Non-Conforming NOLA Resource Guide produced by Dr. Jennifer Glick and Dr. Robin Ivester. This edition has been produced entirely by volunteers and is not affiliated with any organization or institution. It has been produced as a public service by volunteer community members and is available free of charge to all people.

This guide is available for download on the following websites:

www.antigravity.com

www.imaginewaterworks.org

Contact us with questions, additions, requests,
and offers to volunteer or collaborate:

Coleen Murphy, coordinating organizer, at NOLAsourceguide@gmail.com

Acknowledgements

Many people did the work of making this edition of the resource guide possible!

Thanks are due to the Endowment Fund of Community Church Unitarian Universalist for funding the printing of the first 1,000 copies, to the Re/Pro Community Photocopier project for making the photocopying experience affordable and beautiful, to the crew at St. Coffee for housing Re/Pro so hospitably, to Antigravity and Imagine Water Works for digital distribution, and to many New Orleanians committed to community care and harm reduction, including but not limited to: Nora Fuller, Elizabeth Gelvin, Ida Aronson, Ruth Idakula, Katelyn Boyles, Zoe Krulak-Palmer, Alix Jason, Juliana Sanrame, Kayla Riley, Izzy Hermantin Kim Burritt, Mike Marina, Sarah Watson, April Martin, Erika Zucker, Brooke Boudreaux, Anne van Schooneveld, Vinay Krupadev, Walesa Kanarek, Leyla Aleman, Martha Sarfaty, and even more lovely folks connected to the New Orleans DSA, and probably you.

Finally, love and appreciation to Harriet Burbeck for the cover art. Beauty matters!

About Using This Guide

Most agencies that state they have a sliding scale require proof of income (check stubs, W2 forms, letter from person supporting you and their check stub, etc.). Usually they will require an ID and/or a utility bill to verify your address.

If you have a question about costs, services or eligibility, call ahead.

About the Affordable Care Act aka “ObamaCare”

Information on accessing programs connected to the ACA is changing too rapidly for a printed update to be useful. Local locations for in-person health care assistance can be found at localhelp.healthcare.gov

About COVID-19

As of this printing, the pandemic is ongoing and information changes rapidly. The City of New Orleans is providing frequent updates on testing sites, meal programs, and other

Covid-specific resources at ready.nola.gov

When calling an individual agency, ask them about their Covid-specific requirements.

Treatment Atlas

800-597-2557 treatmentATLAS.org

Answer a 13-question, anonymous assessment that will take around 10 minutes. You'll receive guidance you can use to find the right treatment. Research shows that addiction can be treated using certain clinical practices, but there are no quality standards that require addiction treatment facilities to deliver these practices. As a result, the quality of care varies, and it's unclear whether facilities are doing the right things. This can make it hard for people to find high-quality addiction treatment for themselves or their loved ones. ATLAS can help you compare treatment facilities to see which are providing high-quality addiction care described in the Shatterproof National Principles of Care. ATLAS is managed by Shatterproof and RTI International and now serves 6 states, including Louisiana.

Cost of care and accepted forms of payment reported by each facility.

National resource: INCITE! Women of Color Against Violence

incite.natl@gmail.com www.incite-national.org

INCITE! is a national activist organization of radical feminists of color advancing a movement to end violence against women of color in our communities through direct action, critical dialogue, and grassroots organizing. INCITE! is made up of grassroots chapters and affiliates across the U.S., including the Women's Health & Justice Initiative and formerly the New Orleans Women's Health Clinic; a national collective that works to leverage this grassroots organizing on a national and trans-national platform; and thousands of members and supporters internationally.

INCITE! works with groups of women of color and their communities to develop political projects that address the multiple forms of violence women of color experience in our lives, on our bodies, and in our communities.

150 Zachary Taylor Drive (In City Park near Pan American Stadium)

Grow Dat is a five month leadership program that recruits and hires high school students to work in the field of urban agriculture. Through the collaborative work of growing food, the program focuses on developing a sense of responsibility, community, environmental stewardship, and service among participants. Grow Dat's mission is to nurture a diverse group of young leaders through the meaningful work of growing food. Students are recruited exclusively from nine partners: Warren Easton, Science and Math Charter, Joseph S. Clark, De La Salle, Lusher Charter High School, Youth Empowerment Project, Benjamin Franklin, Carver Collegiate Academy, and The Net Charter. Members of the Grow Dat team visit each of these schools in the fall to recruit students.
